

Emory Fibromuscular Dysplasia Symposium

Saturday, September 30 | 9:30 am – 2 pm | Emory University Hospital Midtown | Glenn Auditorium

This free program, led by Bryan Wells, MD, will provide an overview of fibromuscular dysplasia (FMD) and feature presentations by Emory's multidisciplinary FMD team, including experts in cardiology, vascular surgery, neurology, nephrology, pediatrics, and interventional radiology. The event is open to FMD patients and their families, friends, and health care providers. More info: bitly.com/FMDSymposium
