What is your hometown?
Colombia

Where did you attend medical school and residency?
Medical School - University of South Florida
Residency - Emory University School of Medicine

What are your career goals?
Academic gastroenterology with focus on hepatology.

What were you looking for in a gastroenterology (GI) fellowship program?
Diversity, supportive faculty and strong clinical training.

What are the strengths of Emory’s GI program?
Very diverse patient population as well as diverse pathology.

What are you enjoying most about Emory’s GI program?
Camaraderie and faculty support.

What advice do you have for future fellows?
Though it is hard work and seems challenging at times, it is very rewarding to feel you are getting robust clinical training.

What is the best part about living in Atlanta?
Lots of outdoor activities and great restaurants. I have been here for the past three years, and I’m looking forward to staying here after fellowship.
