Our **mission** is to provide and support comprehensive environmental, health and safety programs and services in support of the University’s mission to create, preserve, teach and apply knowledge in the service of humanity. **To do this,** EHSO offers the following:

**Guidance for the use, storage and disposal of materials used in research, clinical, academic and operational activities.**

**Tools and resources that empower your team to:**
- control occupational exposures
- understand OSHA, EPA, GA DNR & other regulatory requirements
- maintain regulatory compliance

**Assistance when you:**
- need environmental, health and safety information or training
- experience an occupational incident
- notice potential hazards
- have safety concerns
